## baptist student union missions share beliefs

**B**aptist Student Union presented a place for spiritual incentive, warm fellowship, and pure motivation. The BSU served as a home away from home for many students, and they felt safe and content within its walls. Weekly worship on Monday evenings, daily Bible studies throughout the week, and Wednesday afternoon meals allowed students to connect with not only Christ but their fellow peers as well. Students felt closer to things they held dear by participating in events such as the spring mission trip, summer missions, and a range of other activities that occurred on campus and within the community.

Students who participated in the summer mission trip had the chance to spread the Gospel with the residents of the Greater Toronto Area in Canada. Astonishing miracles were made by these students as they helped children get involved with sports programs. It was during this time spent in Toronto that students were exposed to a variety of cultures and nationalities. Students came home with a renewed perspective on life and a feeling of satisfaction knowing they made the world a better place.
